Subject: Mercury Bulb Storage
Date: Thursday, October 25, 2018 4:38:22 PM

Good Afternoon Barb,

Thank you for assisting me earlier this afternoon. Per our conversation, HID bulbs need to be segregated from all other specialty bulbs (spiral compacts, plug-in compacts, LED) during transport, but all specialty bulbs can be accumulated and shipped in the same sturdy container.

Would you please confirm that we discussed the topic above so I can share this information with our facility maintenance manager.

Thank you and have a great day!

Chris Genuardi
